# SANTIBURI

Santiburi Samui Country Club's 18-hole championship golf course has been an essential stop on the PGA Asian Tour for many years. Their golf course is located along the hills in the North of Koh Samui, lengthwise along the coast, with its highest point at 290 meters and the lowest point at 30 meters above sea level. It stretches across hilly terrain and slopes deeply down towards the ocean, boasting breathtaking views of the ocean and island. The hills above provide a serene backdrop. Waterfalls and creeks run through the land, adding lush, natural beauty.

This golf course is the first and only golf course on the island that is designed to meet international golf course standards. It fits in harmoniously with the rolling contour of the hills and blends perfectly with the beauty of the coconut mangroves and the surrounding nature. Its design concept has been envisioned as international, entertaining, and intriguing – truly one of the most beautiful golf courses in the region.
